Levi Strauss Internship Summer Program 2025 For Students

Description

For denim enthusiasts and fashion-forward individuals alike, Levi Strauss & Co. is a household name. But what happens behind the scenes at this iconic brand? The Levi Strauss & Co. Internship in San Francisco provides an opportunity to gain invaluable experience in the heart of the fashion industry. As an intern at Levi Strauss & Co., you'll be joining a team of passionate individuals who are committed to creating innovative, sustainable, and stylish denim products.

Responsibilities

As an intern at Levi Strauss & Co., you'll have the opportunity to work on a variety of projects across different departments, from marketing to product design. Your responsibilities may include:

- Conducting market research to inform product development
- Assisting in the design and development of new products
- Collaborating with cross-functional teams to execute marketing campaigns
- Analyzing sales data and providing insights to inform business decisions
- Participating in sustainability initiatives and programs

Qualifications

The Levi Strauss & Co. Internship is open to undergraduate and graduate students who are passionate about fashion and sustainability. To qualify for the program, you should have:

- A strong academic record
- Excellent communication and collaboration skills
- A demonstrated interest in fashion, sustainability, or both
- The ability to work independently and as part of a team
- A positive attitude and a willingness to learn

Experience

Previous internship or work experience in a related field is preferred but not required. Levi Strauss & Co. values diversity and welcomes applicants from all backgrounds.

Skills

The Levi Strauss & Co. Internship provides an opportunity to develop a range of skills that are essential for success in the fashion industry. These may include:

- Market research and analysis
- Product design and development
- Project management
- Collaboration and teamwork
- Sustainability and ethical practices in the fashion industry
